Royals Mission Statement

"Let's play a game!" my young daughter would often ask me between the ages of 2 and 5. We would embrace our imagination by role playing dolls, a friendly game of tickle fight or the ever popular "Guess Who!" For these young minds, games are played for social interaction, to express imagination, to test cognitive and physical skill, and simply, for entertainment and fun. For the adult me, it is an opportunity to escape from the everyday tasks and responsibilities of the world, to relieve stress, and to interact with my child. Games have long since been a part of human existence. From gladiators dominating in the Roman games to knights jousting for the affection of young maidens to teenagers aiming for a high score on a game console, games are a part of our humanity.

The word game is defined as "activity engaged in for diversion or amusement." As young children in our modern society, we are often taught the simple rules of tag, hide and seek or Go Fish. As children age, games become more physically active and typically lead into team sports where skill and strategy are learned. As children age into adults, we are drawn to more thought provoking games that test our knowledge and mental sharpness, like Jeopardy! and the daily Wordle. No matter the games we choose, the core features of the games are the same: there are rules, goals, challenges, and interaction. Thanks to games, we as humans develop practical skill, exercise our minds and bodies, and participate in human interactions that form the basic fabric of modern society. The earliest forms of games date to the Egyptians in 2600 BC and needless to say, games are present in all cultures all over the world. The result of winning gives us satisfaction for our time and efforts and that reward can be exhilarating.

Tonight, we bring to the stage the many forms of games. From traditional sports and board games to figurative games involving the mind and heart. Just as we find solace, entertainment, and satisfaction in playing games, we hope to create those feelings for you. Before the curtain opens tonight, take into consideration the value behind the quote of society's most humbled servants, Mother Theresa: "Life is a game, play it."

Please enjoy, "Games People Play"!

JV TEAM

To the 2022-2023 Royals...

Tonight is always my favorite night of the year. Out of every single thing we get to do together as a team, the night of Spring Show can't be beat. Tonight is the night that we get to watch a year's worth of teamwork, sacrifice, planning, laughter and love finally come together and share it with our biggest fans.

To my sweet JV Royals: Seeing each of you is the best part of my day. Thank you for the endless hours of hard work, laughs and smiles. It is truly a joy to coach you and dance with you all every day, and I couldn't be any prouder of what you accomplished as a STATE CHAMPION team. I will always be your biggest fan!

To the Royals: You all amaze me in every possible way. Your talent, your grit, your determination and your friendships with one another make my days brighter. I have loved watching you all grow as dancers, leaders and teammates this year, and I cannot wait to celebrate all of that tonight.

To the JV and Royal Parents: Thank you just doesn't seem like enough. I am forever grateful for the "Royal Love", support and friendship you offer Mrs. Richter and myself. No part of this year would have been possible without you!

To the Senior Royals: I think your senior dance says it best... "It's just so hard to say goodbye to what I know". From "Halflight" to tonight, this is certainly a bittersweet goodbye for you and me. Although it's hard to walk away from the place we love so much, I hope tonight is a celebration of the legacy you leave behind! You 9 will always be so special to me!

And last but certainly not least, to Mrs. Richter: All the "thank you's" in the world cannot express my gratitude for you. You are the greatest mentor, co-teacher and friend anyone could EVER ask for and it has been a joy to share this program with you the past 6 years. Thank you from the bottom of my heart for your support, encouragement and faith in my next adventure!

Royals, enjoy tonight and all it stands for. I think Taylor Swift says it best...

"Baby let the GAMES begin!"

Royal Love Forever, Ms. Wendt

3 Year Royal

What a year! As your senior year concludes, it is with overwhelming pride that we look back upon the path you have walked and see the beauty, strength and kindness you have shown along the way. We have not only enjoyed every single dance, but have loved watching you become the amazing young lady that we are so proud to call ours. Beyond all the accolades from this year, it is who you are that we are most proud of. Keep that integrity, kindness, determination, positivity, creativity and perseverance as you enter your next chapter in life and in dance at TAMU.
